

NOTICE OF VACANCY

Interested persons are hereby notified that a vacancy on the **Alto Sanitary District Board of Directors** is pending.

Would you like to be an environmental steward for your community? Do you want an active role in local government? We are looking for a neighbor who wants to ensure that the residents of the Alto Sanitary District, aka Horse Hill and Bay View Terrace, receive a high-quality, serviceable collection system for transporting sewage from our homes and businesses to the SASM wastewater treatment plant. This essential service is overseen by a board of directors who meet on the fourth Wednesday of every month at 7:30pm for about an hour and receive \$100 per meeting to review operations, update policies, verify compliance with State and Federal regulations, and plan for future needs. The board is composed of five individuals who live within the District limits (four seats are 4-yr terms and one seat is a 2-yr term.) A vacancy in the 2-yr seat is pending the retirement of Director Roger Gainer who has faithfully served the District for years.

The current commitment is only through December 2020 when the seat will be up for election again. This is a great opportunity to learn about the most basic government service you use every day and take for granted until there is a problem. The history of sewer systems dates back to 4000 BC but we are still working to improve them. Here in the Alto Sanitary District, many aging mains and the laterals that connect the houses to them are in need of repair. Using approved funding, the District is actively implementing a repair and replacement schedule over the next ten years so that the system will last and be environmentally stable. You will also help oversee the District's recycling program and aid in public info on the proper disposal of hazardous waste.

Applications are available on the District's website in the "News" section at: www.altosanitarydistrict.org or by emailing manager@altosanitarydistrict.org . Please contact the District Manager with any questions by phone at 415-388-3696.

Applications are due by: 10/23/18, 5PM, PST.

Please visit www.altosanitarydistrict.org to learn more about the District's responsibilities and to see how your skills and interest can help your neighborhood!
